Independent Auditors' Report

To the Board of Directors
Animal Protection New Mexico, Inc. and Affiliate

Opinion

We have audited the accompanying combined financial statements of Animal Protection New Mexico, Inc. and affiliate (APNM) (a nonprofit organization), which comprise the combined statements of financial position as of December 31, 2021 and 2020, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of APNM as of December 31, 2021, and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of APNM and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about APNM's ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of APNM's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about APNM's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Combined Financial Statements
December 31, 2021 and 2020

1) Nature of Organization

Animal Protection New Mexico, Inc. and affiliate (APNM) have been working to promote the humane treatment of animals since 1979. APNM is a nonprofit, 501(c)(3) organization supported by donations, volunteers and grants. APNM provides public assistance through consultation, education, communication and outreach on animal protection issues. It promotes animal advocacy campaigns with an effort to improve public policies and practices related to the treatment of animals through legislative and non-legislative means, by implementing humane strategies and by establishing partnerships with agencies. APNM provides financial assistance to agencies involved in investigating and prosecuting animal cruelty, to organizations rehabilitating victims of animal cruelty, to individuals for companion animal spay/neuter and other veterinary services, and for equine feed and veterinary assistance.

Animal Protection New Mexico Foundation, Inc. (Foundation) was incorporated as a nonprofit organization in 2001. The Foundation is considered an affiliate organization of APNM, as it was organized exclusively for the benefit of, to perform the functions of, and to carry out the purposes of APNM, a New Mexico nonprofit corporation located in Albuquerque, New Mexico, and any legal successor-in-interest.

2) Summary of Significant Accounting Policies

Principles of Combination

The combined financial statements include the accounts of APNM and the Foundation, collectively referred to as the “Organization”. The Foundation’s financial information is combined with APNM’s information since APNM has both an economic interest and control of the Foundation through a majority voting interest in its governing board. All material intra-entity transactions have been eliminated.

Basis of Accounting and Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

- *Net Assets Without Donor Restrictions:* Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization’s management and the board of directors.

Animal Protection New Mexico, Inc. and Affiliate
Notes to Combined Financial Statements
December 31, 2021 and 2020

2) Summary of Significant Accounting Policies — continued

- *Net Assets With Donor Restrictions:* Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the combined statements of activities.

Revenue Recognition

In order to support the various programs, the Organization generates revenue and support primarily through grants and contributions. Accordingly, the financial statements are presented in accordance with FASB Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers*. Under ASU 2014-09, the Organization is required to recognize revenue for the transfer of goods or services to customers in an amount that reflects the consideration to which the Organization expects to be entitled to in exchange for those goods or services.

Revenue recognition for the Organization is as follows:

Contributions and Grants - Contributions received are recognized as revenues when the unconditional pledge is made and as assets or decreases of liabilities, depending on the form of the benefits received. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the reporting period in which revenue is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the combined statements of activities as net assets released from restrictions. Contributions of significant long-lived assets and significant gifts to acquire long-lived assets with donor-imposed restrictions are reported as net assets with donor restrictions until the asset is placed in service and donor-imposed restrictions are satisfied. The Organization received and recognized \$64,248 and \$49,159 of contributed animal boarding, computer support, advertising and other professional services during the years ended December 31, 2021 and 2020, respectively.

Conditional grants and contract funds are recorded as revenue when earned. Revenue is earned when eligible expenditures or deliverables, as defined in each contract, are met. Expenditures under contracts are subject to review by the granting authority. To the extent, if any, that such a review reduces expenditures allowable under these contracts, the Organization will record such a disallowance at the time the final assessment is made.

2) Summary of Significant Accounting Policies — continued

Contributed Services—Contributed services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization has a substantial number of volunteers that have donated their services to the Organization. These donated services, which do not meet the above criteria for revenue recognition, have not been recognized as support in the combined financial statements.

Cash and Cash Equivalents

For purposes of reporting cash flows, the Organization considers all highly liquid investments with original maturities of three months or less to be cash equivalents. At December 31, 2021 and 2020, the cash bank balances totaled \$615,467 and \$427,532, respectively. Cash bank balances of \$337,842 and \$151,118 were uninsured and uncollateralized at December 31, 2021 and 2020, respectively. The Organization has not experienced any losses in these accounts and believes it is not exposed to any significant credit risk related to the uninsured cash balances.

Investments

Investments are reported at cost, if purchased, or at fair value, if donated. Thereafter, investments are reported at their fair values in the combined statements of financial position, and changes in fair value are reported as investment return in the combined statements of activities.

Accounts and Contributions Receivable

Accounts and contributions receivable are for grants and contributions and are reported at their outstanding balances which approximate fair value. The Organization considers all receivables to be collectible. Accordingly, no allowance for doubtful accounts has been recorded. Management determines whether an allowance is necessary based on the evaluation of the collectability of the receivables, including the nature of the receivable, historical losses and economic conditions. If amounts become uncollectible, they will be charged to expense when that determination is made. The Organization considers all receivables outstanding for over 90 days to be past due.

Property and Equipment

Purchased property and equipment are stated at cost and donations of property and equipment are stated at their estimated fair value at the date of donation. It is the policy of the Organization to capitalize expenses for property and equipment in excess of \$500 and a useful life of greater than one year. Donations of property and equipment are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Depreciation is calculated using the straight-line method over the estimated useful lives which typically range from five to forty-five years.

2) Summary of Significant Accounting Policies — continued

Advertising

The Organization expenses advertising as incurred. Advertising expense was \$12,187 and \$6,819 for the years ended December 31, 2021 and 2020, respectively, and is included in the public education and outreach line item on the accompanying statements of functional expenses.

Functional Allocation of Expenses

The cost of providing program and other activities have been summarized on a functional basis in the combined statements of activities. Accordingly, certain costs have been allocated among program and supporting services benefited. Such allocations are determined by management on an equitable basis.

Significant expenses that are allocated include the following:

<u>Expense</u>	<u>Allocation Method</u>
Salaries, payroll taxes, and fringe benefits	Time and effort
Office supplies	Time and effort
Depreciation	Square footage
Rent and utilities	Time and effort
Printing	Time and effort
Hardware support	Time and effort
Telephone	Time and effort

Fair Value of Financial Instruments

For financial statement purposes, cash equivalents, accounts and contributions receivable, prepaid expenses, accounts payable, accrued expenses and amounts due to others are considered financial instruments. The Organization estimated that the fair value of all financial instruments at December 31, 2021 and 2020, did not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying combined statements of financial position because of their short-term nature.

Income Taxes

The Organization is a non-profit organization and is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been classified by the Internal Revenue Service as an organization that is not a private foundation. The Organization has adopted FASB ASC 740-10, *Income Taxes*, relating to accounting for uncertain tax positions. The Organization has not recognized any changes to its financial statements for uncertain tax positions resulting from this adoption. The Organization's income tax filings for the year's ended December 31, 2018, and thereafter are subject to audit by various taxing authorities.

2) Summary of Significant Accounting Policies — continued

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are issued. The Organization recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the combined statements of financial position, including estimates inherent in the process of preparing the combined financial statements.

Subsequent events through June 17, 2022, the date which the combined financial statements were available to be issued, were evaluated for recognition and disclosure in the combined financial statements.

Estimates

Financial statement preparation in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the financial statement date and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3) **Accounts and Contributions Receivable**

Accounts and contributions receivable consist of the following at December 31:

	2021	2020
Contributions receivable	227,145	598,123
Grants receivable	15,468	6,532

6) Endowment Fund Investments and Spending Policy

APNM has endowment funds that are held by its affiliate, the Foundation, and by the Albuquerque Community Foundation (ACF) as a part of their pooled investments.

The Foundation follows its governing documents in administering the Foundation's investment assets and spending policy. The Board of Directors has determined that the majority of the Foundation's contributions are subject to the terms of its governing documents. Under these terms, the Board of Directors has the ability to disburse or accumulate the income or principal of the funds as it sees fit in its sole discretion.

The Foundation has adopted investment and spending policies approved by the Board of Directors. The investment policy is intended not only to provide funds for the Endowment's immediate and near-term goals, but also to preserve and grow the Endowment's assets to meet future spending needs. The Endowment's assets shall be invested to provide for the distributions described above plus modest real growth above inflation. The Foundation's assets cannot be invested in investments that are counter to its purpose. The investment policy establishes an achievable return objective through diversification of assets. Currently, the long-term return objective is 6% to 7%. However, the Foundation has the discretion to adjust the return it requires based on market conditions, the Endowment's needs and future spending expectations. The investments' liquidity and risk profile should be commensurate with the net asset classification of the assets and the specific objectives of that classification.

The Foundation Board determines the distribution to APNM each calendar year. The Board may direct the distribution from the investments of up to 4% of the market value of the investments as of the end of the prior fiscal year. Distributions to APNM were \$13,336 and \$0 for the years ended December 31, 2021 and 2020, respectively.

APNM also has endowment funds that are held by the Albuquerque Community Foundation as a part of its pooled investments. Variance power has been granted to ACF. These assets will be returned to APNM if the ACF ceases to be a charitable organization. These investments are stated at fair value.

Annual distributions can be made pursuant to current ACF policy. Current policy states that distributions will be based on 4.5% of the average twelve quarters' fund balance if requested by APNM. Distributions from the fund were \$391 and \$419 for the years ended December 31, 2021 and 2020, respectively.

APNM is the beneficiary of a fund established at the New Mexico Foundation. The fund allows the Organization to receive distributions to support APNM's Equine Protection program. Since these funds are held, and ultimately controlled by the New Mexico Foundation, the value of the account has not been shown on the combined statements of financial position. The value of the fund was \$1,570,435 and \$1,408,633 at December 31, 2021 and 2020, respectively. Fund distributions for the Equine Protection program were \$23,373 and \$14,201 for the years ended December 31, 2021 and 2020, respectively.

7) Fair Value Measurements

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of assets whose values are derived from observable market data but for which there is not a quoted price for the specific asset; and Level 3 inputs consist of assets that are not traded in an active market and for which no significant observable market inputs are available and have the lowest priority. The Organization uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Organization measures fair value using Level 1 inputs because it generally provides the most reliable evidence of fair value. The Organization has no Level 3 investments at December 31, 2021 and 2020.

Fair value of assets measured on a recurring basis at December 31, 2021, are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Equities	\$ 2,509,959	\$ 2,509,959	\$ -
Bonds	1,651,222	1,651,222	-

Cash equivalents	<u>116,390</u>		
	<u>\$ 4,523,082</u>		

Fair value of assets measured on a recurring basis at December 31, 2020, are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Equities	\$ 1,891,301	\$ 1,891,301	\$ -

8) Related Party Transactions

There is a cost sharing agreement for shared services for staff, office space and office equipment between APNM and Animal Protection Voters (APV). APV's portion of shared services incurred by APNM was \$244,083 and \$235,999 during the years ended December 31, 2021 and 2020, respectively.

Unrelated to shared services, APNM contributed \$176,687 and \$176,430 to APV during the years ended December 31, 2021 and 2020, respectively, to support APV in its advocacy to enhance legislation for the prevention of cruelty to animals. In addition, during 2021 APNM paid APV a total of \$33,018 for program outreach and development communications. These expenses are included in the public education and outreach line item in the accompanying statement of functional expenses for the year ended December 31, 2021. Amounts due to APV were \$4,271 and \$0 at December 31, 2021 and 2020, respectively, and are included in the line item due to others on the accompanying combined statements of net position.

9) Concentration of Credit Risk

Financial instruments that potentially subject the Organization to concentrations consist principally of cash and cash equivalents, investments, and accounts receivable.

The revenue and support from two donors, excluding contributed goods and services, was approximately 54% and 70% of the organization's total support and revenue for each of the years' ending December 31, 2021 and 2020, respectively. If the Organization does not continue to receive comparable contribution amounts the negative impact on the Organization's operations would be significant.

10) Commitments and Contingencies

The Organization leases office space under an operating lease that expired in January 2018. The Organization is currently on a month-to-month basis at a rate of \$2,650 per month.

13) **Accrued Compensated Absences**

APNM provides eligible full-time and part-time regular status employees with “Paid Vacation Time Off” (PVTO) to use for vacation and personal reasons based on eligible years of service, up to specified limits. Employees are eligible for PVTO after thirty (30) days of employment. Beginning in fiscal year 2018, an employee whose employment is terminated for any reason after the PVTO eligibility date will be compensated for unused accrued PVTO. These accrued amounts are included in accrued expenses on the accompanying combined statements of financial position and the related change in liability is reflected as an expense in the year in which the change occurred. Accrued compensated absences was \$88,527 and \$68,580 at December 31, 2021 and 2020, respectively.

14) Recently Issued Accounting Pronouncements

The following accounting pronouncements have been issued but have not yet been implemented by the Organization.

Leases

On February 25, 2016, the FASB issued ASU 2016-02 *Leases*, which significantly changes the accounting for leases in the financial statements of lessees and supersedes FASB ASC Topic 840. With this update, U.S. GAAP now will require lessees under operating leases to recognize a liability in the statement of financial position, a liability to make lease payments (the lease liability), and an asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting election not to recognize lease assets and lease liabilities. If a lessee makes this election, it should recognize lease expense for such leases generally on a straight-line basis over the lease term. Cash flows related to operating leases will continue to be reported within operating activities on the statement of cash flows. The ASU is effective for fiscal years beginning after December 15, 2021 (the Organization's fiscal year ending December 31, 2022).

Management does not believe implementation of this ASU will have a significant impact on future reporting periods.
